

***How to Choose  
the Perfect  
Wedding Venue  
for Your Special  
Day***

These are some ideas to get your creative juices flowing

- **Traditional**

Nothing is more beautiful than a wedding that lets the bride and groom's relationship speak for itself. Traditional wedding venues evoke a sense of history and legacy, and let the specialness of the day shine without fuss or distraction

---

- **Modern**

Clean, crisp and minimalistic are words that describe a modern wedding ceremony.

Look for venues with elegant, open spaces without a lot of “busy” backdrops.

- **Natural**

For a more bohemian vibe, get outdoors. An al fresco wedding gives your nuptials a fresh, organic feel that wraps you and your guests in the best that nature has to offer.

- Rustic

For a more down-home feel, a rustic venue can provide simple elegance for a wedding celebration. With the flexibility to be both indoors and out, a rustic venue allows your personality to shine through

- **Vintage**

A couple with an old soul will appreciate the details that an historic venue has to offer. The intimate setting of an old library or the marble floors of a 19th century post office remind people of a simpler time.

- **Romantic**

Romantic venues amplify the love that you're celebrating on your wedding day and guests will swoon when you choose to have your wedding in an elegant hotel ballroom, a historic mansion or even a castle.
